

### Drawing

Children know the names of different tools and how to use them to make a design which they can describe.

Children know which tools are best to use for the image they want to create.

### Colour

Children know the colour names:

red, orange, yellow, green, blue, pink, purple, brown, black and white.

Children know that you can mix colours together to make a new one.

### Texture

Children know and will be able to use different words to describe the texture of their materials.

They can use these words to recognise the difference between different textures.

### Form

The children can explore a variety of tools to construct and know how to use them safely.

Children know some techniques to join, shape or assemble materials.

### Printing

Children know that they can create an image by rubbing a chosen tool (crayon, pencil) over a rough surface.

Children know that they can paint a surface and press it to their chosen material to print.

### Pattern

Children know that they can use objects, pictures or drawings to make a pattern.

### Vocabulary:

draw, colour, mix, soft, hard, bumpy, smooth, glue, stick, cut, rub, print, picture, pattern
