Parents' Edition

Monday 5th December 2022

## Site Updates

The student council have been working on their proposal for the new adventure playground. The design incorporates monkey bars (with full shock-absorbing matting), a new rope bridge and a traversing wall along with the existing tyre walk. These first three elements have exhausted our budget for this year, however we have had a 'phase two' expansion factored in for installation at a later date.- if you know of anyone in the village or surrounding area who would like to sponsor us, please do encourage them to get in touch!

We are also working with the Trust and KCC on the Road Crossing Patrol. Unfortunately, despite extensive advertising, we have to date been unable to find anyone to replace Russell. If you know of anyone who would be interested in taking on the role, please do let me know. In the meantime, we will continue exploring alternatives.
